SUCCESSFUL HIZBAWI MEKETE MEETING IN LOS ANGELES

A successful Hizbawi Mekete meeting was held in Los Angeles, California, USA, yesterday in which about 200 Eritrean Americans residing in Los Angeles, Orange and Riverside counties participated. The participants of this historic meeting, which was opened with the traditional observance of a minute of silence to honor our martyrs and the national anthems of Eritrea and the USA respectively, adopted the 8-point resolution which was passed at last month's similar meeting in Washington DC.

It is to be recalled that the resolution included a pledge to contribute $500 each towards the development programs in Eritrea. The hitherto provisional organizing committee was unanimously elected by the participants to stay on and complete the remaining tasks and was augmented with the addition of several more volunteers.
