

EriAm Sisters Support Community Outreach Programs

Press Release: Seattle, October 5/2008

After a very busy summer schedule with various performances and recording sessions of her first debut CD, our little rising star Haben Abraham has continued to wow the crowd by performing in various events together with her equally talented sisters Salina and Lianda. To mention a few, the sisters under the new name "The EriAm sisters", have performed in the months August and September at the Lake union festival, CACF festival, Benaroya hall talent show, fundraising event for Salvation Army and Key Arena basketball games.

With Renton City Mayor Denis Law

In addition, The EriAm Sisters performed at the following two events in the last 4 days:

Renton: Oct 2: The EriAm Sisters have performed at a major fund raising event for [Communities in Schools](#) (CIS). The event was organized to support and encourage mentoring programs that help kids stay in school.

Seattle: Oct 4: The EriAm Sisters performed for more than a half hour at a voter registration drive event in the Seattle City Hall. The event was organized by [Musica Entertainment](#) to promote voter registration among young people 18-25 in a quality community-based non-partisan outreach campaign.

With Seattle City Council-member Bruce Harrel & EriAm fans

During these events many officials, including Congressman Jim McDermott, Renton City Mayor Denis Law, Renton City Councilmember Marcie Palmer, Seattle City Councilmember Bruce Harrel and Sari Pascoe (Executive director CIS) have expressed their admiration and appreciation for the talent of the sisters and their effort to support community activities.

It is to be recalled that Haben Abraham has been performing at various corporate fundraising events for the last three years, including at the Children's Miracle Network 25th anniversary VIP gala in Orlando, Florida.

The EriAm sisters are honored to perform at these community related events to support various initiatives that benefit our community. They work hard to balance school work, community work and a career in music. Your support and encouragement in any form you can imagine is appreciated.
